THE LOOK OF FROST OR SNOW IN A LUXURIOUS CRYSTALLINE  
OPAQUE TOPCOAT.

---

The idea comes from that blast of freezing cold air that hits you when the Gatti guy on the beach takes the lid off his icecream cart. It's a nice feeling on a really hot day. So why shouldn't we add colour to frost and give it dimension, make it look like the inside of a Gatti cart, in all sorts of colours?

## FROST PAINT
